

Fully Automated, Flexible Fulfillment

Game Changing Fulfillment

Brightpick revolutionizes fulfillment by enabling eCommerce providers, eGrocers, and 3PLs to eliminate labor challenges while maximizing order throughput by completely automating picking without having to transform their fulfillment center.

BRIGHTPICK AUTONOMOUSLY:

Best-in-Class Technology

Brightpick is an end-to-end solution that combines best in class 3D vision with advanced AI algorithms for item recognition, state-of-the-art mobile robotics, robotic picking stations, and intuitive optimization and orchestration software.

BRIGHTPICK ADVANTAGES

**IMMEDIATE
AUTOMATION**

**ROBOTIC
PICKING**

**SMART
SCALING**

**EASY TO
CONFIGURE**
